ABOUT TERRAIN

Terrain® Floorings is a global manufacturer, supplier and installer of made-to-order rubber flooring solutions.

Established in 1994, Terrain® Floorings is an ISO 9001 certified manufacturer and installer of resilient flooring solutions that deliver well-being and performance to our users. All Terrain™ products are made to international specifications in our state-of-the-art facility in the UAE using raw materials from reputed European suppliers. Our commitment to quality and proven track record have made us the partner of choice for architects, engineers, interior designers and flooring system providers across GCC and beyond.

OUR COMMITMENT TO SUSTAINABILITY

Protecting the environment through rubber recycling is one of our key focus areas. Over the past 27 years, Terrain® has used over 150,000 tons of recycled rubber to create high quality flooring for sports arenas, playgrounds, gyms and more.

- We contribute to waste reduction and sustainability by using rubber which would otherwise go to landfills and dumps
- We source material from reputed European suppliers who are also committed to a green future
- We are constantly innovating and developing new techniques which help lower our carbon footprint

TERRAIN® | SPORT>PRO

When performance matters above everything else, Terrain® Sport Pro is the ideal flooring solution. Optimised for both professional athletes and aspiring amateurs alike, products in this range help take sporting performance to the next level. Sport Pro includes a wide range of products including FIFA standard artificial grass for football pitches, ITF standard acrylic for tennis courts, flooring for basketball and padel tennis courts, and more.

TERRAIN® | SPORT>LITE

There is nothing more important than providing a safe environment in a children's play area. Flooring for play areas, both indoor and outdoor, need to be vibrant enough to attract a child's attention, while also providing enough cushioning to protect them from injury, if they were to fall. All Terrain® Sport Lite products are HIC tested at our in-house facility to ensure excellent impact absorption.

IT'S BETTER WITH **TERRAIN**®

Terrain® products are manufactured in our state-of-the-art facility in the UAE to exacting international standards. We use material from reputed European suppliers, combined with our 28+ years of product knowledge to create flooring solutions with a proven track record of performance.
