ABOUT **TERRAIN**[®]

Terrain[®] Floorings is a global manufacturer, supplier and installer of made-to-order rubber flooring solutions.

Established in 1994, Terrain[®] Floorings is an ISO 9001 certified manufacturer and installer of resilient rubber flooring solutions that deliver well-being and performance to our users. All Terrain[®] products are made to international specifications in our state-of-the-art facility in the UAE using raw materials from reputed European suppliers. Our commitment to quality and proven track record has made us the partner of choice for architects, engineers, interior designers and flooring system providers across the GCC (United Arab Emirates, Saudi Arabia, Qatar, Bahrain, Kuwait and Oman) and beyond.

COMMITTED TO **SUSTAINABILITY**

Protecting the environment through rubber recycling is one of our key focus areas. Over the past 27 years, Terrain® has used over 150,000 tons of recycled rubber to create high quality flooring for sports arenas, playgrounds, gyms and more.

- /// We contribute to waste reduction and sustainability by using rubber which would otherwise go to landfills and dumps
- /// We source material from reputed European suppliers who are also committed to a green future.
- /// We are constantly innovating and developing new techniques which help lower our carbon footprint.

OUR **VISION**

Be the world's resilient flooring expert for well-being and performance.

OUR **MISSION**

Make products that match international standards, offer them at fair price and delight with sharp delivery.

- Certified in engineering and design of products, processes, and systems.
- Fair price is a selling price that considers quality, performance, supply conditions, time of delivery and payment options. It is calculated at the level that is fair for both sides. The seller gains some margin, which is not excessively high.
- Ensuring Customer Success through a proactive and holistic approach.
- Sharp on Time, Sharp in finish
